

MVP BOM 2019

- 1 x 10-pin (2x5) Euro power header, shrouded or unshrouded.
- 2 x 3-pin (1x3) male headers
- 2 x jumpers/shunts
- 2 x 22-48uF low-profile electro caps
- 1 x 4.7uF low-profile electro cap
- 1 x LM78L05 T0-92 package +5V regulator
- 2 x 3296 or 3362-type trim pots, 100-250k (Manhattan uses 100k)
- 3 x 2 lead bi-color LED (Mouser# 604-WP937EGW)
- 7 x Alpha 9mm vertical-shaft pots (B50K Linear)
- 26 x inline-style 3.5mm jack (Thonkiconn) with 26 x knurled nuts
- 1 x 10-16 power cable
- 3 x Davies Bold Large
- 4 x Davies 1900h Black
- 4 x case mounting screws

Install all parts on the same side as their silkscreen - i.e. the 78L05 goes on the side opposite the other through-hole components!
